

VOYAGER COMMUNITY

We feel so lucky to have been part of establishing the vibrant Margaret River Community since our founder, Michael Wright dipped his shovel into Voyager Estate soil 30 years ago.

Since then, we have contributed to the local community by leading the way in sustainable farming practices; revegetating the Boodjidup catchment; attracting tourism to the region; participating in Owl Friendly Margaret River; and many other initiatives. We have donated prizes for countless fundraising raffles and auctions. But we always want and need, to do more.

This year we've established something we're calling Voyager Community, and it's about providing funding to support two areas that mean a lot to us. Our environment - our place, and community wellbeing - our people. We will do this by focussing on grassroots projects that have a direct impact on residents in the Margaret River Region (Busselton to Augusta).

Voyager Community is our way of ensuring our support makes a meaningful difference to this magnificent region we call home.

We will report on our contributions via our website in the future so stay tuned.
